TRANSFUSION—VOLUME 26 (1986)

Subject Index

In the subject index the page numbers refer to the first page of the communication in which the subject is addressed rather than to the specific page on which the referenced key words can be found. A "C" in parentheses following the page number indicates that the subject entry appeared in correspondence to the editor; an "E" in parentheses following the subject entry indicates that the subject is discussed in an editorial.

Volume 26 (1986), Number One (January-February) contains pages 1–124; Number Two (March-April), pages 125–216; Number Three (May-June), pages 217–308; Number Four (July-August), pages 309–400; Number Five (September-October), pages 401–492; and Number Six (November-December), pages 493–616.
